### **Attend and Engage**

This isn't like school in the fact that there won't be homework. But I want you to attend and engage.

This means attending regularly. This helps us to stay on track with the material and helps you get a better understanding.

Then engage in discussion that we have during our time together. Nobody likes awkward silences- so when you engage in discussion those are minimal.

### **Contact Information**

If you have questions or clarification after our gatherings please come talk to me! I want to answer your questions to the best of my knowledge. But if you think of something after you have gone home I'm always available via text or email.
